I moved to New York two years ago. I am from a small town in the north of the USA. My town is very quiet and there are not many people there. In New York, there are a lot of people everywhere. There are more than eight million people here!

The first few months were difficult for me. I did not know anybody and I missed my family and friends. Also, it was hard to find a job. But then I found a job at a restaurant and I met a lot of new people. Now I have some good friends here.

New York is a great city. There are a lot of things to do. There are museums, parks, and shops everywhere. I go running in Central Park every weekend. It's beautiful! I also love the food here. There are so many different kinds of restaurants. I like Italian and Mexican food, but my favorite is Chinese food. I eat it almost every day!

Sometimes I miss my hometown, but I like living in New York. Every day is interesting and exciting. I plan to stay here for a long time!
